

Dhruv Chopra's Speaking Event at PaRADigm.

Meet Collaborative Imaging's CEO, [Dhruv Chopra](#) at [RBMA's 2020 PaRADigm](#).

Chopra will be hosting a session to help radiologists **re-tool their imaging center operations for success**.

Conference Session Description:

Imaging centers have been facing a lot of pressures to its business model over the last 5-10 years, including reimbursement cuts, steerage, and a huge administrative burden as it relates to their operations. The consolidation of imaging centers has increased at an alarming rate, and this has resulted in draconian terms being set on the radiologists that read for them. Imaging centers need guidance, and proven strategies to help them retain their independence, and flourish in this environment.

About Dhruv Chopra:

[Dhruv Chopra](#) is the CEO of Collaborative Imaging, a groundbreaking healthcare management and technology company headquartered in Dallas. With more than two decades of experience in the radiology industry, Chopra leads Collaborative Imaging with the goal to help independent practices combat the industry's growing threat of consolidation.
